**REQUEST FOR REVISION OF PATENT TERM ADJUSTMENT INDICATED IN
PATENT**

The above-captioned patent issued on April 3, 2007. Applicants became aware of the issuance of the patent when they received the Letters Patent on April 10, 2007. Applicants did not receive an Issue Notification.

Under 37 C.F.R. § 1.705(d), a request for reconsideration of the patent term adjustment must be filed within two months of the date of the patent:

“If the patent indicates or should have indicated a revised patent term adjustment, any request for reconsideration of the patent term adjustment indicated in the patent must be filed within two months of the date the patent issued...”

Because applicants were not immediately aware of the issuance of the patent, the two-month deadline should be extended one week to June 11, 2007.

Applicants believe that they are entitled to a patent term adjustment because the patent did not issue until more than three years after the Issue Fee payment was made. Specifically, the Notice of Allowance was issued on April 9, 2003 and correctly did not contain any patent term adjustment. The Issue Fee was timely paid on July 7, 2003 but the patent did not issue until

April 3, 2007, which was 1,243 days after the four-month requirement set forth in 37 C.F.R. §

1.702(a)(4):

“[T]he term of an original patent shall be adjusted if the issuance of the patent was delayed due to the failure of the Office to: Issue a patent not later than four months after the date on which the issue fee was paid under 35 U.S.C. 151 and all outstanding requirements were satisfied.”

In view of the considerable delay in the issuance of the patent and the applicants' lack of notice of the issuance of the patent, Applicant respectfully requests that the patent term adjustment be revised by 1,243 days.

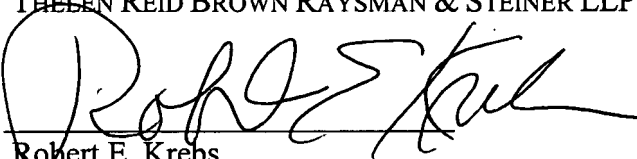

Conclusion

It is believed that this Request justifies the adjustment of 1,243 days. Early favorable consideration of this Request is earnestly solicited.

Included herewith in support of this request is the fee due under 37 C.F.R. § 1.18(e).

Dated: June 7, 2007

Respectfully submitted,
